VELLORE INSTITUTE OF TECHNOLOGY (VIT)

School of Computer Science and Engineering • Vellore Campus

STUDENT PORTFOLIO SUBMISSION
Academic Year 2024 – 2028

STUDENT NAME
Imthiyaz Ahmed

REGISTER NUMBER
26BDS0307

PROGRAM & SPECIALIZATION
B.Tech CSE (Spec. in Data Science)

ACADEMIC YEAR / COHORT
First Year Undergraduate (2024–2028)

PRIMARY STUDENT EMAIL
`imthiyazcps@gmail.com`

GITHUB DEVELOPER PROFILE

MAJOR TECHNICAL PROJECTS INCLUDED IN PORTFOLIO

Pageora

`Flagship Platform`

An innovative digital platform bridging the gap between avid book lovers and publishing designers.

- Distraction-free reading arena with custom contrast palettes (Sepia, OLED Dark, Ivory).
- Interactive book cover and interior page layout architect for typography styling.
- Offline-capable library management with reading speed analytics & progress tracking.

Helpful Study Tool for an Individual

`EdTech & Retention`

An adaptive academic companion built to optimize learning retention and manage revision cycles.

- Adaptive spaced repetition powered by an SM-2 algorithmic review interval calculation engine.
- Integrated deep-work Pomodoro timer with structured 25/5 & 50/10 focus sprint metrics.
- Interactive syllabus progress heatmap to proactively eliminate conceptual blind spots.

TECHNICAL ARSENAL & TOOLS

Core development languages and foundational data science toolkits:

`Python (Primary)` `JavaScript (ES6+)` `SQL` `HTML5 / CSS3` `Tailwind CSS` `NumPy` `Pandas` `Matplotlib` `Git & GitHub` `Data Science`

CAREER GOALS & VISION

Dedicated long-term ambition to **found and scale a major tech startup** focused on breaking traditional hiring gatekeeping and building merit-driven platforms that champion deserving, hardworking developers globally.

✓ PORTFOLIO VERIFICATION CHECKLIST

Live deployment verified with mobile responsiveness, Dark/Light modes, interactive developer CLI, and verified source code repository.
